### Directors' Report To The Members

We are pleased to present the reviewed financial statements of JS Bank Limited ("JSBL") along with the reviewed consolidated financial statements of its subsidiaries JS Global Capital Limited and JS Investments Limited for the half year ended June 30, 2019.

#### The Economy

As per the International Monetary Funds (IMF's) World Economic Outlook Update, global growth over the first six months of the 2019 remained subdued. The major global economic superpowers continue their trade war, with the United States further increasing tariffs on certain Chinese imports and China retaliating by raising tariffs on a subset of US imports.

For Pakistan, while the road ahead looks challenging, there are reasons for optimism as the incumbent government looks committed to wide-ranging reform agenda. With the IMF's Executive Board approving a USD 6 billion, 39-month extended arrangement under its Extended Fund Facility (EFF) for Pakistan, it is hoped that the funds will support the government's economic reform program. The arrival of the first tranche is expected to strengthen Pakistan's foreign exchange reserves as well as garner broader support from multilateral and bilateral creditors to meet Pakistan's future financing needs. As part of this, the government is keen on energy sector reforms to eliminate quasi-fiscal losses and encourage investment. The country also achieved higher FDI and increased remittances due to improved economic activities with inflows coming in higher than the set target of USD 21.2 billion for the year. Other measures such as allowing the currency to depreciate closer to more realistic levels have brought about a significant reduction in the Current Account Deficit (CAD), which is now 32 percent lower on a Year on Year (YoY) basis. Recent initiatives taken to broaden the tax net by taking a firm stance towards tax filing will hopefully lead to an increase in tax revenues during the next year. Moreover, reduction of subsidies and increase in utility prices will also reduce the expenditure burden and ultimately provide breathing space on the fiscal side.

The domestic economy is expected to continue slowing down with the economic growth rate standing at 2.4 percent during the current fiscal year, compared to 3.3 percent of GDP last year. The rupee has depreciated by at least 15 percent since January leading to higher food prices and inflation levels are hovering close to 9 percent. To combat this, the State Bank of Pakistan (SBP) revised its monetary stance during the quarter, increasing the benchmark policy rate by 150 basis points (bps) to 12.25 percent. Due to increased policy rate, the Large-Scale Manufacturing (LSM) sector witnessed a negative growth of 2 percent. It is expected that during the same time period, the fiscal deficit will stay stagnant at about 7.1-7.3 percent as the government tries its best to ensure a flexible, market-determined exchange rate to restore competitiveness, rebuild official reserves and provide a buffer against external shocks.

#### Banking sector review

SBP continued its monetary tightening stance during the first half of 2019 (1HFY19). Higher interest rates continue to support the increasing trend in banking spreads, where weighted average spreads during the first 5 months of the year (5MFY19) registered an increase of 83 bps year-on-year (YoY), reaching 5.61 percent. The sector's spreads have been witnessing an upward trend during the past eight months, before which weighted average banking spreads had remained on a steady decline for almost seven years. On the deposit front, the banking sector witnessed a double-digit growth of 11 percent YoY as at June 30, 2019, reaching PKR 14,458 billion. During the same period, Advances depicted a similar growth rate of 10 percent YoY, reaching PKR 8,097 billion and maintaining the Advances-to-Deposit Ratio (ADR) for the industry at 56 percent. Nonetheless, Non-Performing Loans (NPLs) for the industry have begun to inch upwards recently. The sector's NPLs have marked a PKR 67 billion increase since June 30, 2018 standing at PKR 690 billion as at March 31, 2019.

Investments however, decreased by 7 percent YoY to PKR 7,624 billion as the sector witnessed investment maturities and relatively thin participation in government paper auctions during the period. Resultantly, the Investment-to-Deposit Ratio (IDR) slid down to 53 percent.

#### Financial Performance

The Bank's deposits increased by 12.4%, to PKR 361,105.4 million on June 30, 2019 from PKR 321,413.2 million as of December 31, 2018. Overall, the Bank maintained its advances at a level equivalent to the previous calendar year while changing the portfolio mix towards the SME and Agricultural sectors.

During the period under review, a loss before tax of PKR 596.5 million (loss after tax of PKR 441.7 million) was incurred as compared to profit before tax of PKR 1,109.1 million (profit after tax of PKR 684.3 million) in the corresponding period last year. The diminished financial performance is mainly attributable to the following reasons:

- The Bank's core interest income grew due to enhanced focus on core businesses i.e. Retail and Institutional banking. This growth, however, was offset due to a legacy PIB portfolio of PKR 75.12 billion as of June 30, 2019 which carries a yield of 6.75% against current market yield of 13.2% for the same duration. The bulk of the portfolio will mature between December 2019 and March 2020 thereby easing the pressure on net interest income.
- In the six months ended June 30, 2019; the Bank's legacy portfolio of low yield PIBs decreased by PKR 17.8 billion resulting in a capital loss of PKR 334 million.
- A sharp decrease in equity prices at the Pakistan Stock Exchange (PSX) resulted in an impairmentnet of PKR 218 million on the Bank's equity portfolio.
- Increase in provisioning to PKR 351.7 million primarily for limited industry specific customers due to changes in the commodity pricing cycle and sectoral supply and demand.

The breakup value per share of the Bank was PKR 12.20 with loss per share standing at PKR 0.36 in this period June 30, 2019.

#### Consolidated Financial Statements

In the consolidated financial statements, a loss before tax of PKR 648.2 million (loss after tax of 574.6 million) was incurred for the half year ended June 30, 2019 as compared to profit before tax of PKR 1,216.62 million (profit after tax of PKR 723.98 million) in the corresponding period last year. The loss per share is PKR 0.42 for the period under review.

#### **Business Overview**

The Bank's strategy is based on an ongoing process of identifying and fulfilling customer needs through innovative products, strong alliances and automation of service delivery. Customer accessibility was further strengthened through an expansion in the branch network, digital channels and branchless banking agents to provide customers with an efficient and satisfying banking experience. JS Bank now operates 345 branches across 172 cities including one overseas wholesale banking branch in Manama, Bahrain.

On the assets side, the Bank continued its proactive strategy to enhance its exposure in advances, with a special emphasis on small and medium enterprise (SME) lending and financing renewable energy projects. The Bank's product menu was further increased for meeting customer wants and needs, while simultaneously ensuring all the risk parameters are in-line for prudent expansion.

The Bank is making concerted efforts to optimize the revenue mix between mark-up and fee-based income. In addition to growing traditional fee income streams, the Bank has increased focus on cross selling various fee-based products to existing and new customers to further increase our customer base. There has been an annualized improvement of 29.1% in the export business handled by the Bank during IHFY19. In the light of recent trends in the banking industry, the Bank has renewed its focus on Operational Risk and Compliance especially in the areas of AML/KYC/CDD and other requirements of FATF regulations.

#### Recognition

JS Bank stands today as one of Pakistan's fastest growing banks. Our products are leaders in the SME, consumer finance, insurance solutions and digital banking space.

We have been recognized for our commitment to excellence on a national and international level. The prestigious accolades that we received in the year 2019 included the:

- · Asiamoney Award for 'Best Bank for SMEs',
- Asian Banking and Finance Award for Pakistan's Best SME Bank, Best Mid-sized Retail Bank and Best Consumer Finance Product,
- DIGI Award for Best Payment Technology/Solution Provider

#### Credit Ratings

The Pakistan Credit Rating Agency Limited (PACRA) has assigned to the Bank a long-term rating of "AA-" (Double A Minus), and a short-term rating of "A1+" (A One Plus) which is the highest possible for this category.

#### Acknowledaments

On behalf of JS Bank, we would like to express our gratitude to our customers and stakeholders for their patronage and support. We would also like to thank the Ministry of Finance, the State Bank of Pakistan, the Securities & Exchange Commission of Pakistan and other regulatory authorities for their guidance and support to our Bank. Finally, we extend our appreciation to internal colleagues for their ongoing efforts and persistent commitment towards driving the Bank forward to new heights of progress and prosperity, working together as a winning team.

#### معيشت

بین الاقوامی مالیاتی فنڈز (IMF) کے عالمی معاثی آؤٹ لک ایڈیٹ کے مطابق 2019 کے ابتدائی 6 ماہ میں عالمی شرح نمو کم رہا جو تا حال دباؤ کا شکار ہے۔ بڑی عالمی معاثی سپر یاورا پی تجارتی جنگ جاری رکھے ہوئے ہیں،امریکہ کی جانب سے چین کی مخصوص درآمدات پرٹیرف میں اضافہ کیا گیا اور چین نے رڈمل ظاہر کرتے ہوئے بیشتر امریکی مصنوعات کی درآمدات پرمحصولات بڑھادیں۔

پاکستان کیلئے اگر چہ آئندہ کی راہ مشکل گزار نظر آرہی تھی، لیکن امید کی پچھ کرن موجود تھی کیونکہ حکومت کا موجودہ اصلاحاتی عمل کے وسیع وعریض ایجنڈ بے پرکار بند نظر آرہی ہے۔ آئی ایم ایف کے ایگزیٹیو بورڈ نے پاکستان کیلئے توسیعی فنڈسہولیت (ای الیف ایف) کے تحت 6ارب امریکی ڈالر کی منظوری دیتے ہوئے 80 ماہ کی توسیع کا انتظام کیا، امید کی جارہی ہے کہ اس فنڈ سے حکومت کے معاشی اصلاحاتی پروگرام میں معاونت ملے گی۔ تو قع ہے کہ پہلی قبط کی آمد سے پاکستان کی مستقبل کی مالی ضروریات کو قبط کی آمد سے پاکستان کے مستقبل کی مالی ضروریات کو پورا کرنے کیلئے کثیر الجہتی اور دوطر فیقرض دہندگان کو سیع ترکر نے میں جمایت حاصل ہوگی۔ اس میں شامل حکومت تو انائی کے شیعہ میں ہونے والی اصلاحات متمنی ہے تا کہ نیمہ مالی نقصانات کوختم کیا جا سکے اور سرمایہ کاری کی حوصلہ افزائی کی جاسکے۔ اس سال ملک کے 21.2 بلین امریکی ڈالر کے طے شدہ ہدف سے زیادہ آمدنی کے ساتھ معاشی سرگرمیوں میں بہتری کی وجہ سے ملک میں اضافی غیر ملکی براہ راست سرمایہ کاری (FDI) اور ترسیلات زرمیں تیزی موئی۔ دیگر اقد امات جیسے کہ کرنی کوفرصورگی کی حقیقی سطح تک لانے کی اجازت دیئے سے کرنے اکا وکنٹ خیارہ ہوئی۔ دیگر اقد امات جیسے کہ کرنی کوفرصورگی کی حقیقی سطح تک لانے کی اجازت دیئے سے کرنے اکا وکنٹ خیارہ ہوئی۔ دیگر اقد امات جیسے کہ کرنی کوفرصورگی کی حقیقی سطح تک لانے کی اجازت دیئے سے کرنے اکا وکنٹ خیارہ ہوئی۔ دیگر اقد امات جیسے کہ کرنی کوفرصورگی کی حقیقی سطح تک لانے کی اجازت دیئے سے کرنے اکا وکنٹ خیارہ

#### INDEPENDENT AUDITOR'S REVIEW REPORT

#### TO THE MEMBERS OF JS BANK LIMITED

#### REPORT ON REVIEW OF INTERIM FINANCIAL STATEMENTS

#### Introduction

We have reviewed the accompanying unconsolidated condensed interim statement of financial position of JS Bank Limited (the Bank) as at 30 June 2019 and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, condensed interim cash flow statement and notes to the accounts for the six-months' period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of these interim financial statements in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review. The figures of the condensed interim profit and loss account and condensed interim statement of comprehensive income for the three months ended 30 June 2019 and 30 June 2018 have not been reviewed, as we are required to review only the cumulative figures for the six months period ended 30 June 2019.

#### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the audit resulting in this independent auditor's report is Shaikh Ahmed Salman.

#### STATUS AND NATURE OF BUSINESS

1.1 JS Bank Limited (the Bank / JSBL) is a banking company incorporated in Pakistan as a public limited company on March 15, 2006. The Bank is a subsidiary company of Jahangir Siddiqui & Co. Ltd. (JSCL) and its shares are listed on Pakistan Stock Exchange Limited (PSX). The Bank commenced its banking operations on December 30, 2006 and its registered office is situated at Shaheen Commercial Complex, Dr. Ziauddin Ahmed Road, Karachi.

The Bank is a scheduled bank, engaged in commercial banking and related services as described in the Banking Companies Ordinance, 1962 and is operating through 344 (December 31, 2018: 344) branches / sub-branches in Pakistan and one wholesale banking branch in Bahrain (December 31, 2018: one). The Pakistan Credit Rating Agency Limited (PACRA) has assigned the long-term entity rating of the Bank to AA- (Double A Minus) whereas short-term rating is maintained at 'A1+' (A One Plus), which is the highest possible short-term rating. The ratings denote a very low expectation of credit risk and indicate very strong capacity for timely payment of financial commitments.

1.2 Jahangir Siddiqui Investment Bank Limited, JSIBL, (formerly Citicorp Investment Bank Limited) which was acquired by JSCL on February 01, 1999), and its holding company, JSCL, entered into a Framework Agreement with American Express Bank Limited, New York (AMEX) on November 10, 2005 for acquisition of its American Express Bank Limited - Pakistan Branches, (AEBL). Consequently, a new banking company, JSBL was incorporated on March 15, 2006 and a restricted Banking License was issued by the State Bank of Pakistan (SBP) on May 23, 2006.

A Transfer Agreement was executed on June 24, 2006 between JSIBL and JSBL for the transfer of entire business and undertaking of JSIBL to JSBL and a separate Transfer Agreement was also executed on June 24, 2006, between AMEX and JSBL for the transfer of AEBL's commercial banking business in Pakistan with all assets and liabilities (other than certain excluded assets and liabilities) (AEBL business). The shareholders of JSIBL and JSBL in their respective extra ordinary general meetings held on July 31, 2006 approved a Scheme of Amalgamation (the Scheme) under Section 48 of the Banking Companies Ordinance, 1962. The Scheme was initially approved by the Securities and Exchange Commission of Pakistan vide its letter No. SC/NBFC(J)-R/JSIBL/2006/517 dated September 28, 2006. Subsequently, the Scheme was sanctioned by the SBP vide its order dated December 02, 2006 and, in accordance therewith, the effective date of amalgamation was fixed at December 30, 2006.

#### BASIS OF PRESENTATION

#### 2.1 Statement Of Compliance

- 2.1.1 These unconsolidated condensed interim financial statements have been prepared in accordance with approved accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:
  - International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
  - Provisions of and directives issued under the Banking Companies Ordinance, 1962;

For the half year ended June 30, 2019

- Provisions of and directives issued under the Companies Act, 2017; and
- Directives issued by the State Bank Pakistan (SBP) and the Securities & Exchange Commission of Pakistan (SECP) from time to time.

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017, or the directives issued by the SBP and the SECP differ with the requirements of IFRS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

- 2.1.2 The SBP has deferred the applicability of International Accounting Standard (IAS) 39, 'Financial Instruments: Recognition and Measurement' and International Accounting Standard (IAS) 40, 'Investment Property' for banking companies vide BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks vide its notification S.R.O 411(I)/2008 dated April 28, 2008. However, investments have been classified and valued in accordance with the requirements prescribed by the State Bank of Pakistan through various circulars. Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated condensed interim financial statements.
- 2.1.3 IFRS10 "Consolidated Financial Statements" was made applicable from period beginning on or after January 01, 2015 vide S.R.O 633(I)/2014 dated July 10, 2014 by SECP. However, SECP has directed that the requirements of consolidation under section 228 of the Companies Act, 2017 and IFRS-10 "Consolidated Financial Statements" are not applicable in case of investment by companies in mutual funds established under trust structure, through S.R.O 56(I) /2016 dated January 28, 2016. Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated condensed interim financial statements.
- 2.2 These condensed interim financial statements represents separate financial statements of the Bank in which the investments in subsidiaries and associates are stated at cost are accounted for on the basis of direct equity interest rather than on the basis of reported results.
- 2.3 These condensed interim financial statements are presented in Pakistani Rupee, which is the Bank's functional and presentation currency.
- 2.4 The condensed interim financial statements do not include all the information and disclosures required in the audited annual financial statements, and should be read in conjunction with the audited annual financial statements for the financial year ended December 31, 2018.

#### 3. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are consistent with those applied in the preparation of the audited annual financial statements of the Bank for the year ended December 31, 2018 except as disclosed below.

For the half year ended June 30, 2019

#### 3.1 Changes in accounting policies

#### 3.1.1 Change in reporting format

The SBP vide BPRD Circular Letter No. 5 dated March 22, 2019 specified the new reporting format for the quarterly and half yearly financial statements of banking companies. The new format has revised the disclosure requirements of the Bank for the half year ended June 30, 2019 which has resulted in certain additional disclosures and reclassifications of the items in these unconsolidated condensed interim financial statements.

#### 3.1.2 Adoption of IFRS 16 - Leases

International Accounting Standards Board (IASB) has issued IFRS 16 'Leases' in January 2016 which supersedes IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases-Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'.

The new standard sets out the principles for:

- Lessees to account for all leases under a single on-balance sheet model and governs recognition, measurement, presentation and disclosure of leases; and
- Lessor accounting which is substantially unchanged. Lessors will continue to classify leases as either operating or finance leases using similar principles as in IAS 17.

Therefore, IFRS 16 did not have an impact for leases where the Bank is a lessor.

The Bank has adopted IFRS 16 using the modified retrospective method of adoption with the date of initial application as January 01, 2019. Under this method, the standard has been applied retrospectively, with the cumulative effect of initially applying the standard, recognised at the date of initial application. Accordingly, adjustment to the carrying amount of assets and liabilities were recognised in the current period.

Upon adoption of IFRS 16, the lessees are required to recognise a lease liability for the obligation to make lease payments and a right-of-use (RoU) asset for the right to use the underlying asset for the lease term against a consideration. Under IAS 17, leased assets, under operating lease mode, were not recognised on bank's balance sheets and it only required lessees to recognise a periodic lease expense (rent) on a straight-line basis over the term for leases tenure and relevant lease commitments were disclosed.

New accounting policies of the Bank upon adoption of IFRS 16 are:

#### Right-of-use (RoU) assets

At the commencement date of the lease, the right-of-use asset is initially measured at the present value of lease liability adjusted by the amount of prepaid lease payment recognized immediately before the date of initial application. Subsequently, RoU assets are measured at cost, less accumulated depreciation and any impairment losses, and adjusted for any premeasurement of lease liabilities. RoU assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

For the half year ended June 30, 2019

#### Lease liability

At the commencement date of the lease, the Bank recognises lease liability measured at the present value of the consideration (lease payments) to be made over the lease term and is adjusted for lease prepayments. The lease payments are discounted using Bank's incremental borrowing rates as at January 01, 2019. After the commencement date, the carrying amount of lease liability is increased to reflect the accretion of interest and reduced for the lease payments made.

The effect of adoption of IFRS 16 as at January 01, 2019 (increase / (decrease)) is as follows:

	January 01, 2019 Rupees in '000
Assets	
Right-of-use (RoU) asset	4,098,619
Prepayments	(268,495)
Total Assets	3,830,124
Liabilities	
Lease liability	3,830,124

The carrying amounts of the Bank's right-of-use assets, lease liabilities and the movements during the period is as follows:

As at January 1, 2019 4,098,619 3,830,124 Additional impact arised during the period - net 538,200 538,200
Depreciation (372,542) -
Borrowing cost - 229,063
Payments (373,080)
As at June 30, 2019 4,264,277 4,224,307

Had this standard not been applied, assets and liabilities would have been lower by Rs.4,264.277 million and Rs.4,224.307 million respectively. Rent expense would have been higher by Rs.420.635 million and depreciation charge and mark-up expense would have been lower by Rs.372.542 million and Rs.229.063 million respectively.

- 3.2 Standards, interpretations of and amendments to published approved accounting standards that are effective in the current period.
- 3.2.1 IFRS 16 Leases has became effective for annual reporting periods commencing on or after January 01, 2019. The impact of the adoption of IFRS 16 on the Bank's condensed interim financial statements is disclosed in note 3.1.2.

For the half year ended June 30, 2019

There are certain new and amended standards, interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2019 but are considered not to be relevant or do not have any significant effect on the Bank's operations and therefore not detailed in these unconsolidated financial statements.

3.3 Standards, interpretations of and amendments to published approved accounting standards that are not yet effective.

The following new standards and amendments to existing accounting standards will be effective from the dates mentioned below against the respective standard or amendment:

Effective date (reporting periods beginning on or after)

- IFRS 3, Business Combinations (Amendments)

January 01, 2020

- IAS 1, Presentation of Financial Statements (Amendments)

January 01, 2020

 - IAS 8, Accounting Policies, Changes in Accounting Estimates and Errors (Amendments)

January 01, 2020

Effective date (reporting periods ending on or after)

- IFRS 9, Financial Instruments (note 3.3.1)

June 30, 2019

3.3.1 Through S.R.O. 229 (I)/2019, dated February 14, 2019, the SECP has notified that IFRS 9 - Financial Instruments, has replaced the International Accounting Standard (IAS) 39 "Financial Instruments: Recognition and Measurement" which are applicable from reporting periods on or after June 30, 2019. However, State Bank of Pakistan has deferred the applicability of IFRS 9 through email dated July 23, 2019. Therefore, the Bank has not considered the impact for adoption of IFRS 9 for its Pakistan operations in these unconsolidated condensed interim financial statements.

Further, the Bank considers that as the Prudential Regulations and other SBP directives currently provide the accounting framework for the measurement and valuation of investments and provision against non performing loans and advances, the implementation of IFRS 9 may require changes in the regulatory regime and for this SBP would issue suitable guidance and instruction on the application of IFRS 9 for the banking sector of Pakistan.

The adoption of the IFRS 9 by the overseas branch as per the requirement of regulatory regime, has resulted in net reversal of ECL provisioning requirement of Rs. 59.311 million during the half year ended June 30, 2019.

For the half year ended June 30, 2019

#### 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The basis for accounting estimates adopted in the preparation of these unconsolidated condensed interim financial statements is the same as that applied in the preparation of the unconsolidated financial statements for the year ended December 31, 2018.

#### 5. FINANCIAL RISK MANAGEMENT

10.3.2 This represents general provision held under IFRS 9 by Bahrain branch of the Bank.

10.3.3 The State Bank of Pakistan through various circulars has allowed benefit of the forced sale value (FSV) of Plant and Machinery under charge, pledged stock and mortgaged residential, commercial and industrial properties (land and building only) held as collateral against non-performing loans (NPLs) for a maximum of five years from the date of classification. As at June 30, 2019, the Bank has availed cumulative benefit of FSV of Rs.3,307.433 million (December 31, 2018: Rs.2,386.448 million) under the directives of the SBP. Had the benefit not been taken the unappropriated profit after tax would have reduced by Rs.2,149.831 million (December 31, 2018: Rs.1,551.191 million). Further, as required by the SBP directives, this unappropriated profit will not be available for distribution as dividend or other appropriations.

13.1 Adjustability of minimum tax (in future years) is provided under section 113(2)(c) of the Income Tax Ordinance, 2001 (the Ordinance), The said provision provides that the excess of minimum tax over 'actual carried forward for adjustment against tax liability (up to five years). However, the Sindh High Court (SHC) passed an order against the issue which had arisen where 'actual tax payable for the year is Nil, and whole amount of minimum tax was considered for adjustment in future. The SHC passed an order that 'actual tax payable should be an absolute amount, and cannot be zero or nil; therefore minimum tax paid in such a situation is not eligible for adjustment in future, in terms of section 113(2)(c) of the Ordinance. Aforesaid decision of the SHC has been further appealed, and issue is now subjudiced before the Supreme Court of Pakistan (SCP). Management and its tax advisors are of the opinion that, based on valid legal grounds, favourable outcome is expected. Accordingly, till the finalization of matter at the SCP, the Bank will continue to carry forward the tax paid.

### Pre-Specified Trigger ("PST")

Upon the occurrence of a Pre-Specified Trigger as defined under SBP BPRD Circular # 6 of 2013 dated August 15, 2013, which stipulates that if an Issuer's Common Equity Tier 1 ("CET 1") ratio falls to or below 6.625% of Risk Weighted Assets ("RWA"), the Issuer will have full discretion to determine the amount of TFCs to be permanently converted into common shares or written off, subject to SBP regulations / instructions, and the cap specified below. The Bank will be able to exercise this discretion subject to:

- If and when Bank's CET 1 reaches the loss absorption trigger point, the aggregate amount of Additional Tier-1 capital to be converted must at least be the amount sufficient to immediately return the CET 1 ratio to above 6.625% of total RWA (if possible);
- The converted amount should not exceed the amount needed to bring the CET 1 ratio to 8.5% of RWA (i.e. minimum CET 1 of 6.0% plus capital conservation buffer of 2.5%); and
- In case, conversion of Additional Tier-1 capital Instrument is not possible following the trigger event, the amount of the Instrument must be written off in the accounts resulting in increase in CET 1 of the Issuer.

### Point of Non-Viability ("PONV")

Upon the occurrence of a Point of Non-Viability event as defined under SBP BPRD Circular # 6 of 2013 dated August 15, 2013, which stipulates that SBP may, at its option, fully and permanently convert the TFCs into common shares of the Issuer and / or have them immediately written off (either partially or in full). #### 22. DERIVATIVE INSTRUMENTS

Derivative instruments, such as Forward Securities Exchange Contracts, Interest Rate Swaps, and Options, are forward transactions that provide market making opportunities / hedge against the adverse movement of interest and exchange rates. Derivatives business also provides risk solutions for the existing and potential customers of the Bank.

The Bank has entered into a Cross Currency Swap transaction with its customers on back-to-back basis with an Authorized Derivative Dealer (ADD) without carrying any open position in its books. Specific approvals for the transactions have been granted by State Bank of Pakistan. Policies in line with SBP instructions have been formulated and are operative.

The Bank has also entered into Foreign Currency & Commodity Options from its Wholesale Banking Branch Bahrain for market making activities.

These transactions cover the aspects of both market making and hedging. The risk management related to derivative is disclosed in note 47 to the unconsolidated annual financial statements for the year ended December 31, 2018.

Accounting policies in respect of derivative financial instruments are described in note 4.5.2 of the unconsolidated annual financial statements for the year ended December 31, 2018.

#### 32.1 Income Tax

44

### 32.1.1 Pakistan Operations

During the year, Additional Commissioner Inland Revenue (ACIR) by issued amended orders for tax year 2016 and 2017. This was done by taking recourse of conducting tax audit or alternatively direct amendments in the deemed assessments contending that certain matters in the deemed assessments were not admissible as not conforming to the law and prejudiced the interest of revenue. As result of amendments in tax year 2016 and 2017 ACIR has raised additional demand of Rs.433.890 million and Rs.508.803 million respectively.

JS Bank Half Year Ended June 30, 2019

For the half year ended June 30, 2019

For both tax years, the Bank has not accepted the amendments and have filed appeals before the Commissioner Inland Revenue-Appeals where it is pending for hearing and decision.

#### 32.1.2 Azad Jammu & Kashmir Operations

The Bank has commenced operations in Azad Jammu & Kashmir from tax year 2009 and has filed returns for the tax years 2009 to 2018 with the tax authorities of such region. The Commissioner has issued notices for amendment of assessment under section 122 of the Income Tax Ordinance, 2001 (as adopted in AJK Region) for the tax year 2011 to 2017. All assessments orders were rectified with Nil demand. However, such assessments are further amended under section 122(5A) of the Income Tax Ordinance, 2001 (as adopted in AJK and hereinafter refers to as 'the Ordinance') by the Commissioner Inland Revenue, CIR, for the tax year 2013 to 2017 and raised demand of Rs. 55.880 million. Based on the further amendments in tax years 2013 to 2017, CIR has increased mark-up earned on local advances and surplus funds, and dis-allowed fifty percent of allocated head office expense in each tax year, besides creating demand of Super Tax and Education Cess.

For said tax years, the Bank has not accepted further amendments and filed rectification application with CIR on grounds that amendments were made without considering the brought forward losses of Rs.128.223 million. Simultaneously, the Bank has also filed appeals before the Commissioner Inland Revenue-Appeals (the CIRA) where it is pending for hearing and decision. The management is confident that the appeals filed in respect of above years will be decided in the Bank's favor and accordingly no demand for payment would arise.

#### 32.2 Sales tax

The Bank as a registered person under Sindh Sales Tax on Services Act, 2011 was issued an Order by the Assistant Commissioner Sindh Revenue Board AC-SRB creating a demand of Rs.48.838 million besides penalty of Rs.4.440 million against the Bank for alleged non-payment of Sindh sales tax on certain services / incomes (i.e. Bancassurance, Home Remittances under Pakistan Remittance Initiative Scheme, SBP rebates on Government securities, Rebates from foreign correspondent Banks, and FX gain on remittance by Western Union)' on total amounting to Rs.277.488 million for the tax periods July 2011 to December 2013.

An appeal was filed before Commissioner (Appeals) Sindh Revenue Board, CA-SRB against the decision of AC-SRB which was decided in favor of the tax department except tax imposed on FX gain on remittance by Western Union. Thereafter, both the Bank and AC-SRB filed appeals before the Appellate Tribunal SRB against the decision of CA-SRB. Through its Order dated April 18, 2019, the Appellate Tribunal SRB quashed the demand raised by deciding the Bank's appeal in the Bank's favour and dismissing the AC-SRB's appeal.

Further, no impact of dilution has been taken for the quarter ended June 30, 2018, due to conversions of preference shares.

#### 34. FAIR VALUE MEASUREMENTS

"Fair value" is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost.

The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined at lower of cost and the break-up value in accordance with the requirements of prudential regulations issued by SBP. Break-up value of unquoted equity securities is calculated with reference to the net assets of the investee company as per the latest available financial statements.

Fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to absence of current and active market for assets and liabilities and reliable data regarding market rates for similar instruments.

The provision for impairment of loans and advances has been calculated in accordance with the Bank's accounting policy as stated in note 4.7.1 to the annual financial statements of the Bank for the year ended December 31, 2018.

For the half year ended June 30, 2019

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short term in nature or in the case of customer loans and deposits are frequently repriced.

#### 34.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

### 34.2 Valuation techniques used in determination of fair values within level 2

Item	Valuation approach and input used
Units of mutual funds	Fair values of investments in units of mutual funds are determined based on redemption prices disclosed at the Mutual Funds Association of Pakistan (MUFAP) as at the close of the business days.
Shares of listed companies	Fair values of investments in listed equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange.
Pakistan Investment Bonds / Market Treasury Bills	Fair values of Pakistan Investment Bonds and Market Treasury Bills are derived using PKRV rates (Reuters page).
Term Finance Certificates and Bonds	Investments in debt securities (comprising Term Finance Certificates, Bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the SECP.
Derivatives	The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant underlying parameters including foreign currencies involved, interest rates, yield curves, volatilities, contracts duration, etc.

For the half year ended June 30, 2019

#### 34.3 Fair value of non-financial assets

Valuation techniques used in determination of fair values within level 3

Fixed assets - Land and build ing  Non-banking assets under satisfaction of claims	Fixed assets and Non-banking assets under satisfaction of claims are carried at revalued amounts determined by professional valuers (level 3 measurement) based on their assessment of the market values as disclosed in notes 11 and 14 respectively. The valuations are conducted by the valuation experts appointed by the Bank which are also on the panel of State Bank of Pakistan. The valuation experts used a market based approach to arrive at the fair value of the Bank's properties. The market approach used prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a qualitative disclosure of sensitivity has not
	been presented in these financial statements.

- 34.4 The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the period ended June 30, 2019.
- 34.5 The following table provides an analysis of financial and non financial assets that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

#### INDEPENDENT AUDITOR'S REVIEW REPORT

#### To the members of JS Bank Limited

Report on review of Consolidated Condensed Interim Financial Statements

#### Introduction

We have reviewed the accompanying consolidated condensed interim statement of financial position of JS Bank Limited as at 30 June 2019, the related consolidated condensed interim statement of profit and loss, consolidated condensed interim statement of comprehensive income, consolidated condensed interim statement of changes in equity, and consolidated condensed interim statement of cash flows, and notes to the financial statements for the sixmonth period then ended (here-in-after referred to as the "consolidated condensed interim financial statements"). Management is responsible for the preparation and presentation of these consolidated condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on the financial statements based on our review. The figures of the consolidated condensed interim profit and loss account and consolidated condensed interim statement of comprehensive income for the three months ended 30 June 2019 and 30 June 2018 have not been reviewed, as we are required to review only the cumulative figures for the six months period ended 30 June 2019.

#### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated condensed interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the audit resulting in this independent auditor's report is Shaikh Ahmed Salman.

#### 2. BASIS OF PRESENTATION

#### 2.1 Basis of Consolidation

The basis of consolidation adopted in the preparation of these consolidated condensed interim financial statements are the same as those applied in the preparation of annual consolidated financial statements for the year ended December 31, 2018.

#### 2.2 Statement of Compliance

- 2.1.1 These consolidated condensed interim financial statements have been prepared in accordance with approved accounting and reporting standards as applicable in Pakistan. These are comprised of:
  - International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
  - Provisions of and directives issued under the Banking Companies Ordinance, 1962:
  - Provisions of and directives issued under the Companies Act, 2017; and
  - Directives issued by the State Bank Pakistan (SBP) and the Securities & Exchange Commission of Pakistan (SECP) from time to time.

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017, or the directives issued by the SBP and the SECP differ with the requirements of IFRS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

For the half year ended June 30, 2019

- 2.1.2 The SBP has deferred the applicability of International Accounting Standard (IAS) 39, 'Financial Instruments: Recognition and Measurement' and International Accounting Standard (IAS) 40, 'Investment Property' for banking companies vide BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks vide its notification S.R.O 411(I)/2008 dated April 28, 2008. However, investments have been classified and valued in accordance with the requirements prescribed by the State Bank of Pakistan through various circulars. Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated condensed interim financial statements.
- 2.1.3 IFRS10 "Consolidated Financial Statements" was made applicable from period beginning on or after January 01, 2015 vide S.R.O 633(I)/2014 dated July 10, 2014 by SECP. However, SECP has directed that the requirements of consolidation under section 228 of the Companies Act, 2017 and IFRS-10 "Consolidated Financial Statements" are not applicable in case of investment by companies in mutual funds established under trust structure, through S.R.O 56(I) /2016 dated January 28, 2016. Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated condensed interim financial statements.
- **2.4.** These consolidated condensed interim financial statements are presented in Pakistani Rupee, which is the Group's functional and presentation currency.
- 2.5. The consolidated condensed interim financial statements do not include all the information and disclosures required in the audited annual financial statements, and should be read in conjunction with the audited annual consolidated financial statements for the financial year ended December 31, 2018 except as disclosed below.

#### 3. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and methods of computation adopted in the preparation of these consolidated condensed interim financial statements are consistent with those applied in the preparation of the audited annual financial statements of the Group for the year ended December 31, 2018 except as disclosed below.

#### 3.1 Changes in accounting policies

#### 3.1.1 Change in reporting format

The SBP vide BPRD Circular Letter No. 5 dated March 22, 2019 specified the new reporting format for the quarterly and half yearly financial statements of banking companies. The new format has revised the disclosure requirements of the Bank for the half year ended June 30, 2019 which has resulted in certain additional disclosures and reclassifications of the items in these consolidated condensed interim financial statements.

#### 3.1.2 Adoption of IFRS 16 - Leases

International Accounting Standards Board (IASB) has issued IFRS 16 'Leases' in January 2016 which supersedes IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases-Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'.

For the half year ended June 30, 2019

The new standard sets out the principles for:

- Lessees to account for all leases under a single on-balance sheet model and governs recognition, measurement, presentation and disclosure of leases; and
- Lessor accounting which is substantially unchanged. Lessors will continue to classify leases as either operating or finance leases using similar principles as in IAS 17.

Therefore, IFRS 16 did not have an impact for leases where the Group is a lessor.

The Group has adopted IFRS 16 using the modified retrospective method of adoption with the date of initial application as January 01, 2019. Under this method, the standard has been applied retrospectively, with the cumulative effect of initially applying the standard, recognised at the date of initial application. Accordingly, adjustment to the carrying amount of assets and liabilities were recognised in the current period.

Upon adoption of IFRS 16, the lessees are required to recognise a lease liability for the obligation to make lease payments and a right-of-use (RoU) asset for the right to use the underlying asset for the lease term against a consideration. Under IAS 17, leased assets, under operating lease mode, were not recognised on bank's balance sheets and it only required lessees to recognise a periodic lease expense (rent) on a straight-line basis over the term for leases tenure and relevant lease commitments were disclosed.

New accounting policies of the Bank upon adoption of IFRS 16 are:

### Right-of-use (RoU) assets

At the commencement date of the lease, the right-of-use asset is initially measured at the present value of lease liability adjusted by the amount of prepaid lease payment recognized immediately before the date of initial application. Subsequently, RoU assets are measured at cost, less accumulated depreciation and any impairment losses, and adjusted for any premeasurement of lease liabilities. RoU assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

#### Lease liability

At the commencement date of the lease, the Group recognises lease liability measured at the present value of the consideration (lease payments) to be made over the lease term and is adjusted for lease prepayments. The lease payments are discounted using Group's incremental borrowing rates as at January 01, 2019 After the commencement date, the carrying amount of lease liability is increased to reflect the accretion of interest and reduced for the lease payments made.

For the half year ended June 30, 2019

The effect of adoption of IFRS 16 as at January 01, 2019 (increase / (decrease)) is as follows:

	<b>January 01, 2019</b> Rupees in '000
Assets	
Right-of-use (RoU) asset	4,756,920
Fixed assets	(51,475)
Prepayments	(281,423)_
Total Assets	4,424,022
Liabilities	
Lease liability	4,470,444
Liabilities against assets subject to finance lease	(46,422)_
Total liabilities	4,424,022

The carrying amounts of the Group's right-of-use assets, lease liabilities and the movements during the period is as follows:

	RoU asset Rupees i	Lease liability n '000
As at January 1, 2019 Additional impact arised during the period - net Depreciation Borrowing cost Payments As at June 30, 2019	4,756,920 4,756,920 542,629 (417,392) - - - 4,882,157 - - - - - - - - - - - - - - - - - - -	4,470,444 4,470,444 542,629 - 265,917 (457,367) 4,821,623 4,821,623

Had this standard not been applied, assets and liabilities would have been lower by Rs 4,882.157 million and Rs.4,821.623 million respectively. Depreciation charge and mark-up expense would have been lower by Rs.417.392 million and Rs.265.917 million respectively.

- 3.2 Standards, interpretations of and amendments to published approved accounting standards that are effective in the current period.
- 3.2.1 IFRS 16 Leases has became effective for annual reporting periods commencing on or after January 01, 2019. The impact of the adoption of IFRS 16 on the Group's condensed interim financial statements is disclosed in note 3.1.2

There are certain new and amended standards, interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 01, 2019 but are considered not to be relevant or do not have any significant effect on the Group's operations and therefore not detailed in these consolidated financial statements.

3.3 Standards, interpretations of and amendments to published approved accounting standards that are not yet effective.

The following new standards and amendments to existing accounting standards will be effective from the dates mentioned below against the respective standard or amendment:

For the half year ended June 30, 2019

### Effective date (reporting periods beginning on or after)

- IFRS 3, Business Combinations (Amendments)

- IAS 1, Presentation of Financial Statements (Amendments)

- IAS 8, Accounting Policies, Changes in Accounting Estimates and Errors (Amendments)

January 01, 2020

January 01, 2020

January 01, 2020

### Effective date (reporting periods ending on or after)

- IFRS 9, Financial Instruments (note 3.3.1)

June 30, 2019

3.3.1 Through S.R.O. 229 (I)/2019, dated February 14, 2019, the SECP has notified that IFRS 9 - Financial Instruments, has replaced the International Accounting Standard (IAS) 39 "Financial Instruments: Recognition and Measurement" which are applicable from reporting periods on or after June 30, 2019. However, State Bank of Pakistan has deferred the applicability of IFRS 9 through email dated July 23, 2019. Therefore, the Group has not considered the impact for adoption of IFRS 9 for its Pakistan operations in these consolidated condensed interim financial statements.

Further, the Group considers that as the Prudential Regulations and other SBP directives currently provide the accounting framework for the measurement and valuation of investments and provision against non performing loans and advances, the implementation of IFRS 9 may require changes in the regulatory regime and for this SBP would issue suitable guidance and instruction on the application of IFRS 9 for the banking sector of Pakistan.

#### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The basis for accounting estimates adopted in the preparation of this consolidated condensed interim financial information is the same as that applied in the preparation of the consolidated financial statements for the year ended December 31, 2018.

#### FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Group are consistent with those disclosed in the consolidated financial statements for the year ended December 31, 2018.

- 10.3.2 This represents general provision held under IFRS 9 by Bahrain branch of the Bank.
- 10.3.3 The State Bank of Pakistan through various circulars has allowed benefit of the forced sale value (FSV) of Plant and Machinery under charge, pledged stock and mortgaged residential, commercial and industrial properties (land and building only) held as collateral against non-performing loans (NPLs) for a maximum of five years from the date of classification. As at June 30, 2019, the Bank has availed cumulative benefit of FSV of Rs.3,307.433 million (December 31, 2018: Rs.2,386.448 million) under the directives of the SBP. Had the benefit not been taken the unappropriated profit after tax would have reduced by Rs.2,149.831 million (December 31, 2018: Rs.1,551.191 million). Further, as required by the SBP directives, this unappropriated profit will not be available for distribution as dividend or other appropriations.

13.1 Adjustability of minimum tax (in future years) is provided under section 113(2)(c) of the Income Tax Ordinance, 2001 (the Ordinance), The said provision provides that the excess of minimum tax over 'actual carried forward for adjustment against tax liability (up to five years). However, the Sindh High Court (SHC) passed an order against the issue which had arisen where 'actual tax payable for the year is Nil, and whole amount of minimum tax was considered for adjustment in future. The SHC passed an order that 'actual tax payable should be an absolute amount, and cannot be zero or nil; therefore minimum tax paid in such a situation is not eligible for adjustment in future, in rerms of section 113(2)(c) of the Ordinance. Aforesaid decision of the SHC has been further appealed, and issue is now subjudiced before the Supreme Court of Pakistan (SCP). Management and its tax advisors are of the opinion that, based on valid legal grounds, favourable outcome is expected. Accordingly, till the finalization of matter at the SCP, the Bank will continue to carry forward the tax paid.

### Pre-Specified Trigger ("PST")

Upon the occurrence of a Pre-Specified Trigger as defined under SBP BPRD Circular # 6 of 2013 dated August 15, 2013, which stipulates that if an Issuer's Common Equity Tier 1 ("CET 1") ratio falls to or below 6.625% of Risk Weighted Assets ("RWA"), the Issuer will have full discretion to determine the amount of TFCs to be permanently converted into common shares or written off, subject to SBP regulations / instructions, and the cap specified below. The Bank will be able to exercise this discretion subject to:

- If and when Bank's CET 1 reaches the loss absorption trigger point, the aggregate amount of Additional Tier-1 capital to be converted must at least be the amount sufficient to immediately return the CET 1 ratio to above 6.625% of total RWA (if possible);
- The converted amount should not exceed the amount needed to bring the CET 1 ratio to 8.5% of RWA (i.e. minimum CET 1 of 6.0% plus capital conservation buffer of 2.5%);
- In case, conversion of Additional Tier-1 capital Instrument is not possible following the trigger event, the amount of the Instrument must be written off in the accounts resulting in increase in CET 1 of the Issuer;

### Point of Non-Viability ("PONV")

Upon the occurrence of a Point of Non-Viability event as defined under SBP BPRD Circular # 6 of 2013 dated August 15, 2013, which stipulates that SBP may, at its option, fully and permanently convert the TFCs into common shares of the Issuer and / or have them immediately written off (either partially or in full). Number of shares to be issued to TFC holders at the time of conversion will be equal to the 'Outstanding Value of the TFCs' divided by market value per share of the Issuer's common / ordinary share on the date of the PONV trigger event as declared by SBP, subject to the cap specified below;

The PONV trigger event is the earlier of:

- A decision made by SBP that a conversion or temporary / permanent write-off is necessary without which the Issuer would become nonviable;
- The decision to make a public sector injection of capital, or equivalent support, without which the Issuer would have become non-viable, as determined by SBP.
- The maximum number of shares to be issued to TFC holders at the Pre-Specified Trigger and / or Point of Non Viability (or otherwise as directed by SBP) will be subject to a specified cap of 329,595,476 ordinary shares, or such other number as may be agreed to in consultation with SBP;

### 22. DERIVATIVE INSTRUMENTS

Derivative instruments, such as Forward Securities Exchange Contracts, Interest Rate Swaps, and Options, are forward transactions that provide market making opportunities / hedge against the adverse movement of interest and exchange rates. Derivatives business also provides risk solutions for the existing and potential customers of the Group.

The Holding company has entered into a Cross Currency Swap transaction with its customers on back-to-back basis with an Authorized Derivative Dealer (ADD) without carrying any open position in its books. Specific approvals for the transactions have been granted by State Bank of Pakistan. Policies in line with SBP instructions have been formulated and are operative.

The Holding company has also entered into Foreign Currency & Commodity Options from its Wholesale Banking Branch Bahrain for market making activities.

These transactions cover the aspects of both market making and hedging. The risk management related to derivative is disclosed in note 48 to the consolidated annual financial statements for the year ended December 31, 2018.

Accounting policies in respect of derivative financial instruments are described in note 4.5.2 of the consolidated annual financial statements for the year ended December 31, 2018.

### 32.1 JS Bank Limited Pakistan Operations

#### 32.1.1 Income Tax

During the year, Additional Commissioner Inland Revenue (ACIR) by issued amended orders for tax year 2016 and 2017. This was done by taking recourse of conducting tax audit or alternatively direct amendments in the deemed assessments contending that certain matters in the deemed assessments were not admissible as not conforming to the law and prejudiced the interest of revenue. As result of amendments in tax year 2016 and 2017 ACIR has raised additional demand of Rs. 433.890 million and Rs. 508.803 million respectively.

For the half year ended June 30, 2019

For both tax years, the Bank has not accepted the amendments and have filed appeals before the Commissioner Inland Revenue-Appeals where it is pending for hearing and decision.

#### 32.1.2 Sales tax

The Bank as a registered person under Sindh Sales Tax on Services Act, 2011 was issued an Order by the Assistant Commissioner Sindh Revenue Board AC-SRB creating a demand of Rs.48.838 million besides penalty of Rs.4.440 million against the Bank for alleged non-payment of Sindh sales tax on certain services / incomes (i.e. Bancassurance, Home Remittances under Pakistan Remittance Initiative Scheme, SBP rebates on Government securities, Rebates from foreign correspondent Banks, and FX gain on remittance by Western Union)' on total amounting to Rs.277.488 million for the tax periods July 2011 to December 2013.

An appeal was filed before Commissioner (Appeals) Sindh Revenue Board, CA-SRB against the decision of AC-SRB which was decided in favor of the tax department except tax imposed on FX gain on remittance by Western Union. Thereafter, both the Bank and AC-SRB filed appeals before the Appellate Tribunal SRB against the decision of CA-SRB. Through its Order dated April 18, 2019, the Appellate Tribunal SRB quashed the demand raised by deciding the Bank's appeal in the Bank's favour and dismissing the AC-SRB's appeal.

### 32.2 Azad Jammu & Kashmir Operations

#### 32.2.1 Income Tax

The Bank has commenced operations in Azad Jammu & Kashmir from tax year 2009 and has filed returns for the tax years 2009 to 2018 with the tax authorities of such region. The Commissioner has issued notices for amendment of assessment under section 122 of the Income Tax Ordinance, 2001 (as adopted in AJK Region) for the tax year 2011 to 2017. All assessments orders were rectified with Nil demand. However, such assessments are further amended under section 122(5A) of the Income Tax Ordinance, 2001 (as adopted in AJK and hereinafter refers to as 'the Ordinance') by the Commissioner Inland Revenue, CIR, for the tax year 2013 to 2017 and raised demand of Rs. 55.880 million. Based on the further amendments in tax years 2013 to 2017, CIR has increased markup earned on local advances and surplus funds, and dis-allowed fifty percent of allocated head office expense in each tax year, besides creating demand of Super Tax and Education Cess.

For said tax years, the Bank has not accepted further amendments and filed rectification application with CIR on grounds that amendments were made without considering the brought forward losses of Rs.128.223 million. Simultaneously, the Bank has also filed appeals before the Commissioner Inland Revenue-Appeals (the CIRA) where it is pending for hearing and decision. The management is confident that the appeals filed in respect of above years will be decided in the Bank's favor and accordingly no demand for payment would arise.

Further, no impact of dilution has been taken for the quarter ended June 30, 2018, due to conversions of preference shares.

#### 34. FAIR VALUE OF FINANCIAL INSTRUMENTS

"Fair value" is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost.

The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined at lower of cost and the break-up value in accordance with the requirements of prudential regulations issued by SBP. Break-up value of unquoted equity se curities is calculated with reference to the net assets of the investee company as per the latest available financial statements.

Fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to absence of current and active market for assets and liabilities and reliable data regarding market rates for similar instruments.

The provision for impairment of loans and advances has been calculated in accordance with the Group's accounting policy as stated in note 4.7.1 to the annual consolidated financial statements of the Group for the year ended December 31, 2018.

For the half year ended June 30, 2019

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short term in nature or in the case of customer loans and deposits are frequently repriced.

#### 34.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1 Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

### 34.2 Valuation techniques used in determination of fair values within level 2

Item	Valuation approach and input used
Units of mutual funds	Fair values of investments in units of mutual funds are determined based on redemption prices disclosed at the Mutual Funds Association of Pakistan (MUFAP) as at the close of the business days.
Shares of listed companies	Fair values of investments in listed equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange.
Pakistan Investment Bonds / Market Treasury Bills"	Fair values of Pakistan Investment Bonds and Market Treasury Bills are derived using PKRV rates (Reuters page).
Term Finance Certificates and Bonds	Investments in debt securities (comprising Term Finance Certificates, Bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the SECP.
Derivatives	The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant underlying parameters including foreign currencies involved, interest rates, yield curves, volatilities, contracts duration, etc.

For the half year ended June 30, 2019

### 34.3 Fair value of non-financial assets

34.4 Valuation techniques used in determination of fair values within level 3

Fixed assets - Land and building  Non-banking assets under satisfaction of claims	Fixed assets and Non-banking assets under satisfaction of claims are carried at revalued amounts determined by professional valuers (level 3 measurement) based on their assessment of the market values as disclosed in note 10 and 14 respectively. The valuations are conducted by the valuation experts appointed by the Bank which are also on the panel of State Bank of Pakistan. The valuation experts used a market based approach to arrive at the fair value of the Bank's properties. The market approach used prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a qualitative disclosure of sensitivity has not been presented in these financial statements.
---	---

- 34.5 The Group's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the period ended June 30, 2019.
- **34.6** The following table provides an analysis of financial and non financial assets that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.
